## A Global Offering

CRL is a full service provider of architectural metals, glass fixings, and professional-grade glazing supplies. CRL serves the glass and construction industry from locations throughout Europe, North America and Australia with a broad portfolio of over 50,000 products. CRL also design, engineer, and manufacture a wide variety of architectural balustrades, frameless shower door hardware, interior glass partitioning and door systems, commercial door products and architectural glass fixings.

CRL Stone is a leading supplier of high quality quartz and ceramic surfaces used as kitchen worksurfaces and large format cladding in bathrooms and for interior design features and specialist flooring surfaces. With over 20 years of experience in the stone industry, CRL Stone offers a comprehensive selection of finishes.

See pages 58- 63 for our full range of Quartz, Ceralsio and shower fixings

## CRL Shower Fixings

CRL is a leading supplier of frameless shower fixings and accessories from minimalistic hinges, clamps, handles, door knobs and u-channels to complete sliding shower door assemblies. CRL offers a broad choice of designs constructed from high quality plated or anodised brass, available in a range of finishes ranging from chrome to brushed copper, antique bronze to matte black and many more.

Extensive range of finishes

Freedom to create bespoke designs to suit any style of bathrooms

Quality products that stand the test of time

5 year guarantee

CRL Shower fixings are designed to accept 8 mm or 10 mm glass to complete the feeling of quality and luxury

## CRL Architectural Glass Fixings

CRL architectural fixings are designed and constructed from the highest quality stainless steel and aluminium materials. The range includes highly developed glass balustrade and balcony products tested to BS6180:2011, such as the TAPER-LOC® system which is ideal for commercial and residential installations due to a unique time saving installation process, as well as commercial balustrades with 3Kn loading. CRL also offers spider fixings, ideal for mounting to posts, walls or glass fins for the all-glass look and AI-Wall ventilated rainscreens which feature a clever clip design for joining the individual glass panels.

**Exteriors**  
Creating Better Buildings

## Exteriors

---

The facade of a building is a significant contributor to that all important first impression.

Architectural fixings play a huge role in the overall aesthetics of a building's exterior, especially with the trend for frameless glass and minimalistic architectural fixings. Whilst a Ceralsio ceramic facade can offer a modern and highly durable appearance.

From ceramic facades and all glass building envelopes to balustrades and balconies, CRL has the perfect solution.

Featured, University, Ljubljana

## Facades

---

### 01. Al-Wall

Ideal to regenerate an existing building, creating a modern impression with a highly durable and long-lasting finish. The innovative rainscreen system ensures safe ventilation of the building and guards against the elements.

Featured, Farmers' House, Freiburg  
Photo from Bendheim

Featured, Community centre and church, Rif

Featured, Parking garage, Mönchengladbach

Featured, heavy-duty spider fixings

## 02. Spider Fixings

Ideal for mounting to posts, walls or glass fins for the all-glass look, spider fixings are available in heavy-duty and regular-duty with two, three or four arms. All spider fixings are made of 316 stainless steel to provide a virtually maintenance free design and a beautiful finish to complement any exterior.

Featured, 4 arm heavy-duty spider fixings

Featured, 7 For All Mankind, Los Angeles

## Ceralsio Facades

The facade of a building is a significant contributor in that all important first impression. CRL's facades create a modern impression with a highly durable and long lasting effect. With a range of finishes available there is sure to be one to suit any style of building architecture.

Featured, Ceralsio Croma White

04

**03. Cardoso Grey**

Combining two of the biggest trends in design – grey and marble tones, Cardoso Grey brings moody shades and dark hues to any space in the most stylish of ways.

**04. Croma White**

Bright, light and supremely durable, Croma White is the ultimate blank canvas for any setting. Dress it up with pops of colour and the addition of contemporary materials or opt for a pared down look with soft tones of grey and black.

05

**05. Nero**

Available in a natural finish, Nero will make a statement in any setting.

## Balustrades

---

### 06. CRL Posiglaze

A fully adjustable glass balustrade system that uses a unique clamping design and a quick and easy adjustable method to align glass panels when a handrail is not desired.

Tested to meet BS6180:2011

Featured, The Posiglaze adjustable glass balustrade system

Featured, The Posiglaze adjustable glass balustrade system

Featured, Greenwich Peninsula, London

### 07. CRL TAPER-LOC®

Significantly faster to install than traditional alternatives, CRL TAPER-LOC® is a dry glaze system that uses a horizontal design enabling it to be adjusted, dismantled and re-set easily and efficiently.

Tested to meet BS6180:2011

Featured, United States Courthouse, Los Angeles

Featured, United States Courthouse, Los Angeles

Featured, Olympia Pool, Dundee

## 08. CRL MEGAgrip

CRL MEGAgrip is a fully adjustable high load 3kN commercial balustrade system, designed as a highly-durable public safety barrier for large commercial constructs, such as sports stadiums, transport hubs and similar venues.

Tested to meet BS6180:2011

One of the simplest balustrade systems to fit and adjust thanks to its patented screw-clamp technology to secure the glass in place, CRL MEGAgrip is a dry-glazed system, with no specialist tools required, so the glass can easily be removed and replaced if required.

Featured, Royal Wharf Pier, London

Featured, Royal Wharf Pier, London

Featured, The Juliette Balcony System

**09. CRL Spig-Lite Advanced**

An adjustable glass balustrade system that uses individual spigots. It is quick and easy to install, raising the glass above the floor level which produces natural drainage. Tested to meet BS6180:2011.

**10. CRL Paris Balcony**

Creates a streamlined finish and offers an uninterrupted view from the balcony. A top cap rail is not required as the toughened laminated glass offers extra protection if one single pane fails. Tested to meet BS6180:2011.

**11. CRL Juliette Balcony**

Ideal for buildings with compact interiors, a glass Juliette balcony enables a French window or patio door to be chosen instead of a conventional window, filling the room with light, increasing ventilation and creating a greater sense of space. Tested to meet BS6180:2011.

**12. CRL Standoffs**

CRL Langle standoffs are of the highest quality and are suitable for a wide range of indoor and outdoor applications, making them the ideal fittings for all glass balustrades.

CRL's heavy-duty, point supported Glass Rail Standoff Fittings give the installer more adjustment during installation for those tricky job site mounting conditions.

**13. CRL Glass Awnings**

Popular not just for its looks but also its versatility. The CRL Glass Awning Support System will give any entrance a sleek and linear look, enhancing the design of any building.

Featured, CRL, Los Angeles

## Outdoor Living

---

### 14. CRL Glass Rooms

CRL Glass Rooms have a modern progressive design, creating a sophisticated and modern appearance. Constructed in high quality aluminium and glass, CRL Glass Rooms are designed to enjoy the outdoors whatever the weather. A number of beneficial options are available to complement the glass rooms such as automated retractable sun blinds, frameless glass sliding doors, vertical blinds and integrated lighting and heating. Custom designs allow CRL Glass Rooms to be used for both commercial and domestic purposes.

Featured, CRL Glass Room

Featured, CRL Glass Room

Featured, CRL Glass Room

## Outdoor Ceralsio Surfaces

Ceralsio's natural UV resistance means it can be used outdoors. Its low water absorption rate of less than 0.2% makes it ideal for outdoor environments where frost and ice is common.

### 15. Cromo Grey

Croma Grey is perfect for colour blocking. Marry this ceramic surface with dark or bright tones for contrast or comparison; the possibilities are endless but the end results will always be impactful.

### 16. Marquina

Marquina has all the beauty of marble, including a subtle, white veining running throughout the surface, making it the centre of attention.

### 17. Ocean Stone

Emulating the natural effect of newly quarried stone, Ocean Stone is full of character and definition, enhanced by its tactile textured finish.

## Interiors

---

With the rise in emphasis on interior design and the growing desire to live and work in a truly unique place, CRL can offer solutions to help you make the most of your space.

From a frameless look with barely there architectural hardware to on trend finishes such as matte black, CRL hardware can help create a stylish, cohesive look in any setting.

CRL Stone provides beautiful hard wearing surfaces in a choice of over 80 finishes built to meet the demands of modern living. Ideal for wall cladding, flooring, media walls, kitchen and bathroom surfaces and wet rooms.

01

---

## Bespoke Shower Screens

With the rise of emphasis on interior design and the growing desire to live in a truly unique space combining CRL bespoke shower screens with Ceralsio wall surfaces allows designers to create truly unique spaces. The size and shape of the shower can be customised to suit the individual bathroom. Whether trying to fit a shower into a corner, a triangular space or an L-shape. CRL shower fittings are available in the broadest choice of finishes from chrome to matte black, antique bronze to satin brass, brushed copper to polished nickel and many more.

CRL allows you to combine bespoke shower screens with beautiful Ceralsio wall and floor surfaces to create shower spaces and other interior features like never before.

Featured, the Siena Series in a Brushed Copper finish. Ceralsio Cosmopolitan Silver flooring, walls clad in Ceralsio MDi Umbria

### 01. Hinged Shower

From the bestselling Geneva Series to luxurious Oil Dynamic Hinges, CRL offers a large range of beautiful hinges and complementary fixings to suit your taste and needs.

### 02. Sliding Shower

CRL's Sliding Shower Door Systems provide frameless hardware which gives a sleek and minimalistic appearance. They are available in several lengths and finishes and can accommodate a wide range of shower designs.

### 03. Framed Shower

The art deco look for showers is very on trend. This metal framed glazing gives the bathroom a contemporary feel, adding a hint of industrial style.

## Ceralsio Surfaces - Bathrooms

CRL Ceralsio is ideal for bathrooms as it is extremely hardwearing and easy to clean and care for. Ceralsio is also perfect for the humid and wet bathroom environment. Available in a large format meaning bathrooms and wet rooms can be clad from floor to ceiling with no horizontal joints giving the designer endless options with pattern arrangements and a feel of luxury and quality.

Featured, Bathroom counter top in Ceralsio Cromo Silver

06 Featured, floor to ceiling, bathroom wall cladding and flooring in Ceralsio Statuario

#### 04. Oatmeal

A timeless, natural-looking surface that stands out for its delicate blend of creamy beige with gentle brown flakes.

#### 05. Cromo Silver

This colour block of a surface is the perfect backdrop for injecting personality and character to a space in the most individual of ways. The options with Cromo Silver are practically endless.

#### 06. Statuario

Statuario has all the beauty of the famous Italian marble design, with its dramatic grey veins and all the practical benefits of a hard wearing ceramic surface.

#### 07. Limestone

Inspired by natural rock formations and available in a textured finish, Limestone is a surface that will sit comfortably in either the classic or contemporary kitchen and bathroom.

07

Featured, floor to ceiling bathroom wall cladding in Ceralsio MDi Limestone

08

09

Featured, floor to ceiling bathroom cladding and flooring in Ceralsio MDi Calacatta Gris

### 08. Ferro Vecchio

Whether combined with neutral shades or used to contrast with bold colours, this surface will be a stand-out feature of any room.

### 09. Calacatta Gris

Available in both a natural and satin finish, Calacatta Gris can be used to create surfaces with a book matching mirror effect for a luxurious designer effect.

### 10. Meteora Gris

Available in a natural or textured finish, the surface reflects the trend for dark tones in interior design, creating a strong and sophisticated look that is rugged in its structure.

### 11. Carrara Vagli

Replicating the natural beauty of Carrara marble, this ceramic surface brings opulence and a sense of glamour to the kitchen or bathroom. Its grey and gold veining emulates the look of marble from the Tuscan quarries.

Featured, floor to ceiling bathroom cladding in Ceralsio Carrara Vagli

---

## Quartz Surfaces - Kitchens

CRL Quartz is ideal for kitchen worktops as it is an incredibly strong material that easily withstands wear and tear and is practically maintenance free. Quartz is a non porous material that offers a hygienic solution for the kitchen environment with the additional benefits of also being scratch, heat and stain resistant.

13

14

### 12. Calacatta Dorado

With its eye catching grey and gold veins Calacatta Dorado will make an impression in any setting. It is the ideal statement piece to give any kitchen the wow factor.

### 13. White Water

Part of our award winning Renaissance Collection, White Water has soft brown veining, giving it a subtle marble effect.

### 14. Verona

This popular marble-effect surface taps into the trend for grey tones in the kitchen, as a subtle pastel shade that combines beautifully with stainless steel appliances and a wide variety of contemporary cabinets.

### 15. Colorado

Because a marble-look surface is the perfect accompaniment to any setting and any colour, Colorado will blend seamlessly into its surroundings while being a centre-piece with its own natural style and substance.

15

16

18

17

Featured, CRL Quartz Statuario Bianco

### 16. River White

River White features an elegant marble pattern of whites, greys and browns for a look of movement and depth that is visually stunning.

### 17. Statuario Bianco

With a distinctive grey veining on a crisp, white background, Statuario Bianco has a Statuario marble-inspired look that ensures it will be the ideal surface for any kitchen looking for a bold, striking impact.

### 18. Calacatta

With its sleek and glossy finish, Calacatta is whiter than most marbles but with more pronounced veining for a dramatic effect, giving any kitchen a high end and luxurious feel.

### 19. Kalahari

Emulating the raw beauty of stone and providing an unmistakable style, Kalahari has soft beige tones, combined with subtle white veining.

19

Featured, CRL Quartz Kalahari designed by Inline Kitchens

20

### 20. Venetian Arte

Why stick with one shade of grey when you can enjoy several in one surface courtesy of Venetian Arte. This surface has a timeless flair that brings a sense of luxury to the kitchen or bathroom.

### 21. White Carrara

White Carrara has all of the subtle marbling effects you would expect from a Carrara finish but offers a brighter appearance giving your room space and light.

### 22. Monte Bianco

Monte Bianco is a marble-effect surface that mixes on-trend shades of whites and greys. It is durable and perfect for any style of room as it works in harmony with natural materials and colours.

### 23. Knightsbridge

With its soft grey background and brown marble veining, Knightsbridge has an opulent feel, exuding warmth and sophistication.

## Ceralsio Surfaces - Kitchens

20 mm Ceralsio is ideal for kitchen work surfaces in high traffic areas. Ceralsio has a high resistance to knocks and impacts and the 20 mm surface offers even more durability.

12 mm Ceralsio is ideal for the modern slimline look. The broad choice of materials allows the designer endless possibilities.

Featured, Ceralsio MDi Marquina designed by Kingswood Design

**24. Cervino**

Cervino features an authentic and individual character thanks to its marble-inspired patterning on a crisp white background. Available in a satin finish, the surface is soft to the touch, bringing a sense of luxury to any interior.

**25. Arizona**

Arizona is inspired by the aesthetics of untreated wood that has been faded by sunlight and worn by the passage of time. Standing out for its strong personality, the surface brings a graceful elegance to any space.

**26. Statuario**

A marble-effect ceramic surface that has a distinctive and highly individual grey veining set against a crisp, white background.

**27. Marquina**

A surface that is dark and sophisticated, with all the beauty of marble, including a subtle, white veining running throughout the surface, making it the centre of attention.

---

## Room Partitions

Room partitions are ideal to create functional areas within the home. Glass is often used to zone large, open-plan areas and to enhance the feeling of light and space. CRL Room Partitions blend seamlessly into the environment without looking out of place for an on trend minimalist look.

### 30. Office Partition

Office Partition Systems offer a creative and effective solution for modern interior designs whilst reducing sound and closing the gaping joint between glass door, side panel and top light.

---

## Ceralsio MDi Surfaces - Media Walls

6 mm Ceralsio available in large format (floor to ceiling), is an ideal material choice for a media wall. While the thin profile of the material creates a seamless impression, it's the wide choice of styles that really make it stand out from the crowd and make the material an excellent alternative to painting or wallpaper.

Featured, wall cladding in Ceralsio MDi Ferro Vecchio

33

Featured, floor to ceiling wall cladding in Ceralsio MDi Marquina

34

**31. Calacatta Gris**

Available in both a natural and satin finish, Calacatta Gris can be used to create a luxurious designer effect in any space.

**32. Ocean Stone**

The perfect addition to an industrial style space where raw materials are brought to the fore, Ocean Stone brings warmth and character to interiors.

**33. Ferro Vecchio**

Whether combined with neutral shades or used to contrast with bold colours, Ferro Vecchio will be a stand-out feature of any room. Available in a natural finish.

**34. Marquina**

The perfect partner to natural materials such as wood, Marquina is dark and sophisticated with a subtle white veining running throughout.

## Ceralsio and Quartz Flooring

Ceralsio and Quartz are durable, hardwearing surfaces making them ideal for flooring. Their non-porous properties make them easy to keep clean and their large formats open up the design possibilities.

### 35. Astral Gris

Offering a contemporary take on timeless grey, Astral Gris is ideally suited to modern and classic interiors, bringing elegance and a sense of calm to any setting. The gentle patterning that runs throughout the surface adds visual interest at every turn.

### 36. Verona

Mirroring the raw and unrefined beauty of natural stone, this beautiful white based marble-effect surface with grey veins running throughout gives the feel of real luxury.

Featured, Quartz Verona Staircase,

Featured, Ceralsio Grassi White

38

Featured, Ceralsio MDi Calacatta Gris

### 37. Arctic White

Pure, uninterrupted and eye-catching, Arctic White offers a blank canvas for the rest of the room's design. Adding a sense of spaciousness and bouncing light around the room, this surface will be a welcome addition to the contemporary or classic setting.

### 38. Grassi White

With all the opulence of a veined stone, Grassi White is a modern twist on classic marble, with a distinctive veining that makes it perfect for combining with painted furniture, natural timber grains, metal and glass.

### 39. Calacatta Gris

Inspired by marble and ideal for any classically styled living space, Calacatta Gris features a subtle, elegant, grey-veined pattern on a white background.

## Ceralsio Surfaces - Wall Cladding

6 mm Ceralsio is ideal for wall cladding as it is hard wearing, non-porous and resistant to scratches and stains.

Ceralsio is available in large format slabs of up to 3,200 mm by 1,600 mm meaning you can clad floor to ceiling without joint lines for a stunning effect.

40

Featured, wall cladding in Ceralsio MDi Storm Gris

Featured, wall cladding and flooring in Ceralsio Bianco Silver

42

**40. Storm Gris**

Dark tones are a huge trend in interior design and Storm Gris carries the look off to perfection. An atmospheric surface that blends equally well with natural materials and bold and bright pops of colour.

**41. Carrara Vagli**

Replicating the natural beauty of Carrara marble, the grey and gold veining running throughout this surface emulates the look of marble from the Tuscany quarries, for a wow-factor design statement.

**42. Bianco Silver**

Bianco Silver is a ceramic surface that lends an air of luxury to any setting. The patterned veining gives the material an air of individuality, while it's easy to care for nature makes this a practical choice too.

**43. Pietra Grey**

Available in a polished or natural finish, the ceramic's subtle white veining comes to the fore on a muted grey background, the perfect canvas for mixing and matching with any materials and colours.

**44. Calacatta Extreme**

Calacatta Extreme features a bold marble-effect pattern running throughout, adding a sense of grandeur to any setting. Available in a polished or natural finish.

Featured, wall cladding and flooring in Ceralsio Calacatta Extreme

## Ceralsio Surfaces - Commercial Environments

As a very hard material Ceralsio is suitable for commercial environments. Thanks to its lack of pores, it is completely impermeable and highly stain resistant. Its many benefits also include a strong resistance to scratch, heat and wear and tear. Ceralsio is available in a broad choice of designs and thicknesses with the added advantage of being large format.

Featured, wall cladding in Ceralsio Varese Onice

Featured, reception desk in Ceralsio MDI Ferro Vecchio

Featured, island top in Ceralsio Belvedere Black

#### 45. Carrara Vagli

This ceramic surface brings opulence and a sense of glamour to any space. The grey and gold veining creates a wow-factor whether used for a worktop, wall cladding or flooring.

#### 46. Varese Onice

With smoky beige undertones set against a crisp white background, Varese Onice is an extremely versatile surface. Luxurious, sophisticated and full of glamour, the ceramic surface is available in a natural or polished finish.

#### 47. Belvedere Black

Belvedere Black will make a striking impression in the modern setting made all the more special with the beautiful marble-inspired patterning running throughout the surface.

#### 48. Pietra Grey

Grey is the colour of the moment, making Pietra Grey a surface that will be a stand-out feature of any space.

#### 49. Ferro Vecchio

Adopting the appearance of poured concrete, Ferro Vecchio gives a softer alternative to the often harsh lines of industrial-inspired designs.
