CRL WOOD'S™ STOWAWAY TILT TABLE

CAT. NO. STT1

The CRL Wood's™ Stowaway Tilt Table transforms from a working full size 1835 x 2451mm tilting glass cutting table, into it's compact 654mm deep folded storage mode in only minutes. The 2026mm folded height of this table makes it ideal for transport and use on-the-job site, as it fits easily through doors and hallways. Crossed support legs ensure a stable, 889mm high working surface with a 225kg load capacity.

- Great space saver in the shop
- Great time saver on the job site
- From cutting to storage in minutes
- Supplied flat packed for self assembly

ROUND SUPPORT BARS & ACCESSORIES AVAILABLE

Support Bars

- Square tubing matches geometry of many popular CRL hinges
- Provides fixed panel support for enclosures not going to the ceiling
- No hole drilling required in glass

Our Square Support Bar compliments many CRL square corner style hinges. The Bar stabilizes fixed panels of glass in enclosures that do not go to the ceiling. After ordering the Bar itself, choose from a number of various Fittings to complete the desired application. The Fittings come with nylon-tipped set screws that secure the glass and prevent metal-to-metal contact. Finishes are available to match many popular decors. No holes or cut-outs are required in the glass.

SPECIFICATIONS:

Materials: 19mm Square Tubing, Solid Brass Fittings

Bar Length: 1.5m

Glass Thickness Range: 6 to 12mm

Cut to Length Door Rails

- Fully adjustable
- Quick and easy installation
- Available from stock in Manchester

The CRL Door Rail System is one of the most innovative and versatile rail systems on the market today. It features the exclusive Wedge-Lock™ Glass Securing System for rapid installation and holding power.

- Manufactured door rails cut to length from stock in Manchester
- Cut to length between 750mm and 1250mm, for rails 102mm in height
- Fully Adjustable for fit and alignment of doors
- Features the Kwik-Adjust™ vertical jamb alignment system, to adjust doors left to right +/- 3mm
- Door assembly can be ready for installation in less than 10 minutes
- Doors fully adjustable along the line of the closed position

CAT. NO. DH12UK

- A range of standard length door rails available, including low profile, tapered, and square rails
- Available in six different finishes
- Matching sidelites available
- Available with or without Eurocylinders locks
- Designed to work effectively with full CRL range of products - patch fittings, handles, locks, and floorsprings
