BLAST MITIGATION PRODUCTS

The Series BR7500 Blast Resistant Concealed Vent is a minimal sightline window perfect for use in blast mitigation storefront and curtain wall openings. Standard hardware includes Stainless Steel 4-Bar Hinges and Cam Locking Handles. As with all of our operable windows, vent construction starts with tubular vent components that are mitered, reinforced with corner keys, and crimped at all corners. When closed, the vent is sealed to the frame with bulb gaskets, ensuring an airtight seal.
